| Metric ID                        | Metric  | Status | Progress | Target | Current          | Previous   | Frequency   | Metric Definition  |
|----------------------------------|---|--------|----------|--------|------------------|------------|-------------|--|
| <b>Customer/Constituent</b>      |   |        |          |        |                  |            |             |  |
| COLL-6                           | Customer Service - First Contact Resolution Rate (Contractor)   | Red    |          | 95%    | 70%              | 83%        | Monthly     | The third-party collections contractor has a contractual target to provide debtors with contact resolution at the point of first contact. Contact Resolution is defined as the reasonable attempt to resolve 'an immediate' account issue through education and/or some action. The primary goal is to increase the overall percentage of first contact resolution for sampled calls. In an effort to increase customer service throughout the Collection Services Bureau, it is important that the third-party collections contractor is able to provide helpful and accurate information to taxpayers. A higher percentage rate means that more taxpayers were able to be assisted correctly during their first contact with our third-party contractors. Data has a lag time of 1 month.          |
| TPB-10                           | IIT - Individual Income Tax Returns - % processed in same year as received.   | Green  |          | 90.0%  | 99.7% 2018, June | 97.0%      | Monthly     | Individual Income Tax (IIT) has a goal of processing all income tax returns in the year they are filed. Processing all returns provides better customer service and reduces phone calls and correspondence. A higher percentage represents (more) returns processed year to date.  |
| TPB-15                           | IIT - Individual Income Tax Correspondence processed timely.  | Green  |          | 90%    | 96% 2018, June   | 99%        | Monthly     | Individual Income Tax (IIT) has a goal of processing all correspondence within 60 days of receipt. Processing correspondence in a timely manner cuts down on phone calls and provides a better customer experience.  |
| TPB-17                           | SUW - Sales, Use and Withholding Phone call average speed of answer.  | Red    |          | 7.00   | 9.58 2018, June  | 6.51       | Monthly     | Answering phone calls within 7 minutes or less improves customer satisfaction as callers questions are answered in a timely manner.  |
| TPB-20                           | SUW - Sales, Use and Withholding Correspondence processed timely.   | Green  |          | 90%    | 88% 2018, June   | 91%        | Monthly     | Processing correspondence with 60 days of being received will result in accurate billings and refunds issued in a timely matter. This improves customer satisfaction as taxpayers are notified of the outcome of their correspondence in a timely manner. In addition, financial records and forecasting for the state are more accurate when correspondence is resolved in a timely manner.   |
| LOGOV-7                          | Move distressed communities to fiscal solvency and stable self-governance   | Green  |          | 4      | 0                | N/A        | FY Annually | EM exit, RTAB meetings from monthly to bi-monthly to quarterly, dissolving RTAB, successful termination of consent agreements.   |
| TAXPOL-16                        | Issue 10 substantive Revenue Administrative Bulletins (RABs) annually.  | Green  |          | 10     | 10 (CY2017)      | 8 (CY2016) | CY Annually | Improve communication to taxpayer/practitioner community by issuing a minimum of 10 substantive Revenue Administrative Bulletins (RABs) annually. (Note for 2016: 8 RABs, 3 Internal Policy Directives (IPDs), and 4 Tax Policy Newsletters were issued during CY2016.)  |
| TAXPOL-17                        | Percent of guidance issued to taxpayer/practitioner within 3 to 6 months  | Red    |          | 100%   | 0%               | 0%         | Quarterly   | Increase communications with the taxpayer/practitioner community to meet their needs timely. This metric is measuring the percentage of RABs issued within 3 to 6 months.  |
| <b>Internal Business Process</b> |   |        |          |        |                  |            |             |  |
| COLL-10                          | Average Call Center Quality Assurance (QA) Evaluation Score - % Average Score   | Green  |          | 95%    | 88%              | 84%        | Monthly     | The Collection Services Bureau has a goal to provide quality information and customer service on telephone calls. The primary goal is to increase the overall average percentage of the evaluation scores. Responding staff are measured on several key criteria to determine the quality of their response. This assessment helps determine where overall training may be needed to ensure a higher quality of service. The target value is based on the "High Performing" level per the Employee Evaluation Standards rating scale established by the Bureau. A lower average score may indicate that more training and guidance is needed in a particular area. Data has a lag time of 1 month.   |
| TCBMSP-1                         | Inspections of Tobacco Retailers  | Green  |          | 470    | 1146             | 1124       | Quarterly   | This measures the number of administrative inspections of tobacco retailers and licensees by MSP and Treasury enforcement personnel each quarter.  |
| TCB - 3                          | Average Days to Complete a PA3 Audit with no taxpayer-requested Waiver or Request for Reconsideration - # Days                        | Green  |          | 200    | 204 2018, June   | 174        | Monthly     | An average of the days to complete a PA3 audit (Field Audit and Audit Processing) for audits completed in the month, where the taxpayer has not requested an extension of time (Waiver or Request for Reconsideration). Monitoring the Average Days to Complete helps to ensure that TCB provides each taxpayer with the best customer service possible. Efficient and timely completion of an audit helps to minimize the impact of the audit process on the taxpayer. Efficient use of time by the audit staff will also lead to the identification of more instances of non-compliance which in turn will level the playing field for all taxpayers. The measurement starts when the auditor begins the audit and ends when the Final Audit Determination letter (FAD) is issued to the taxpayer. |
| TCB-9                            | Average Days In Progress (DIP) for field work across all audit assignments, sent to TCB Processing - # Days                           | Green  |          | 200    | 210 2018, June   | 213        | Monthly     | A 12 month rolling average of the number of days audit assignments are in progress (DIP) will be measured and monitored to ensure that TCB Field Staff completes audits in a timely manner. The measurement starts when the auditor begins the audit and ends when the Preliminary Audit Determination letter (PAD) is issued to the taxpayer.   |
| TCB-12                           | Average days to process an audit for all audits where processing has been completed - # Days  | Green  |          | 100    | 95 2018, June    | 102        | Monthly     | A 12 month rolling average of the number of days to process an audit will be measured and monitored to ensure that audits are processed in a timeframe less than the requirement of PA3 of 2014. The measurement starts when the audit is sent to TCB Processing and ends when the Final Audit Determination letter (FAD) is issued to the taxpayer.   |
| TCB-16                           | Average Quality Assurance (QA) score of randomly selected field audits sent to TCB Processing in the previous month - % Quality Score | Green  |          | 95%    | 94% 2018, May    | 96%        | Monthly     | An average of the monthly quality assurance (QA) review scores of randomly selected field audits sent to TCB Processing will be measured to ensure that procedures and policies are consistently followed in the audit process. Scores will be used to identify areas of miscommunication, so management can determine what type of training and/or  |
